GENERAL INFORMATION

PURPOSE

Mitchell College is an independent community college which fosters and encourages Protestant Christian education by offering two years of education beyond the high school level and instruction for qualified special students. Its purpose is to serve persons, primarily of this area, for the attainment of personal edification and cultural improvement as they prepare for a degree at a senior institution, complete a terminal course, or satisfy individual needs.

HISTORY

Mitchell College, one of the oldest colleges in North Carolina, began operation as a women's college in 1856. Concord Presbytery had authorized its establishment as early as 1852; and, with the exception of one period, it remained under the control of Concord Presbytery until 1959, when it became an independent community college.

The building program of the newly chartered college was delayed by a storm which destroyed the partly constructed building; and because of this the college did not begin operation until September, 1856, when the present Main Building was completed. At the end of the War Between the States, Mr. R. F. Simonton purchased the property, and thus began a period of private ownership for the college. The name was then changed from Concord Female Seminary to Simonton Female College. During the late 1870's considerable progress for the college took place under the leadership of Mrs. Eliza Mitchell Grant, president, and her sister, Miss Margaret Eliot Mitchell, as her assistant. They were the daughters of the famous Dr. Elisha Mitchell, scholar and scientist for whom Mount Mitchell is named. In 1917 the name of the college changed to Mitchell in honor of these women.

In 1896 the college, then known as Statesville Female College, was purchased by Dr. R. B. Shearer, a Presbyterian minister and president of Davidson College, who in 1900 returned the college by deed to the control of Concord Presbytery. In that year Dr. John A. Scott became president and again the college experienced considerable growth. Most notable was the addition in 1907 of an auditorium known as Shearer Music Hall. This addition to the physical structure of Mitchell was made possible through the efforts of Mr. W. F. Hall and other friends of the college. Also during the presidency of Dr. Scott the college became recognized as a teachers college and granted the A.B. and B.S. degrees. However, by the early 1920's it had become a standard junior college. For a long time the high school department known as the Academy was popular, but this department was discontinued in 1943.

Mitchell College became co-educational in 1932 during the administration of Mrs. W. B. Ramsay, who headed the college for fourteen years until 1943. During her administration the curriculum was expanded and many extracurricular activities were formed. A gymnasium was also built during this period.

Mrs. Ramsay resigned in 1943 and was followed by Reverend R. S. Arrowood, who served as president for one year. He was succeeded by Miss Frances Stribling, who served for three years as president. Following her resignation in 1947, Mr. John Montgomery became president.

The 1950's proved to be eventful for Mitchell. In 1955 Mitchell was admitted into membership of the Southern Association of Colleges and Schools. In 1957 Mitchell acquired the Wallace house and converted it into a dormitory. The future of Mitchell was altered when a community drive to raise an endowment of \$350,000 was successful; and on January 1, 1959, the Concord Presbytery relinquished its control of the physical property to the Mitchell College Foundation, which in turn leased the buildings to Mitchell College, Incorporated. The control of the college is now in the hands of a self-perpetuating rotating board of trustees who, in addition to representing outstanding business leadership in the community, also represent Christian leadership from the community churches.

In 1963 the college campus was further enhanced by the construction of a new Student Union building. This structure, whose architecture blends

harmoniously with that of the Main Building, was the first building to be built on the campus since the Gymnasium. In the same year the Mulberry Street Apartments were remodeled into a men's dormitory.

Mitchell College has been consistently acquiring property in the past few years. Space for expansion is available. Construction of a three-story library was completed in 1967. The design of the library reflects the antebellum decor of the Main Building and the Student Union building.

While the community of Mitchell College is considered to include all of Iredell County, the college is dedicated to the rendering of a high standard of scholarship and Christian leadership to all students from wherever they may come.

LOCATION AND CLIMATE

Located in Statesville, a city of about 25,000 metropolitan population, Mitchell College is easily accessible from all parts of North Carolina by both train and bus service. The campus is at the west end of Broad Street, one of the principal streets of the city, and conveniently near the churches, shopping district, post office, and public library. Statesville is 105 miles east of Asheville, 38 miles north of Charlotte, 48 miles west of Winston-Salem, and 25 miles northwest of Salisbury. Statesville is in the healthful Piedmont section at the foothills of the Blue Ridge Mountains and has a delightfully mild climate throughout the year. The altitude of 960 feet above sea level.

BUILDINGS

The MAIN BUILDING, constructed in 1856, is a stuccoed brick structure of three stories, ornamented by a lofty portico with six massive columns. The first floor contains the science department, classrooms, and the day student parlor. On the second floor are the administrative offices, additional classrooms, and the guest parlor. The women's dormitory rooms and lounge are on the third floor. Student lounges and dormitory rooms are comfortably furnished.

SHEARER MUSIC HALL was added to the Main Building in 1907. The first floor contains music studios, faculty offices, and the auditorium, which has a seating capacity of five hundred and is equipped with a pipe organ and a concert grand piano. The second floor contains faculty offices.

The STUDENT UNION is the school social center and contains a modern cafeteria for use of faculty and students. This building was designed to be one of the showplaces of Statesville. In addition to recreational facilities, the Student Union contains meeting rooms and offices for the college yearbook, newspaper, student body president, and Director of Student Affairs. Student mailboxes are located in this building.

The Mitchell College LIBRARY provides and organizes the resources needed to meet the curricular demands and to bring intellectual stimulation to both faculty and students and aims to serve as the focal point of the cultural life on the campus. The collection consists of over 17,000 volumes, including over 1,500 bound periodicals and over 100 reels of microfilm. General and special reference volumes and over 130 current magazines are on the main floor. The general collection of books is shelved in open stands on the second floor. On the basement level a dial, remote control tape audio center is available to all students. The library provides two typing rooms for student use and an informal reading room. The building also houses the

Rotary Memorial Auditorium, with a seating capacity of 149, and three classrooms. Orientation in the use of the library is given to all freshman and transfer students. The college facilities are supplemented by those of the Iredell Public Library and interlibrary loan privileges with the university libraries.

The **GYMNASIUM**, located on the north campus, is a wooden structure with a marked basketball floor. Many intramural sports activities are held here.

MULBERRY HOUSE, MAIN DORMITORY, the **ANNEX**, **FRAZIER HOUSE**, and **WALLACE HOUSE** provide housing facilities for 78 men and 38 women. All are furnished with comfortable rooms, lounges, laundry facilities, and host or hostess apartments.

The **PRESIDENT'S HOME** is located on the north side of the circle next to the Main Building and across from the Student Union.

The **BUSINESS EDUCATION BUILDING** is located directly behind the Main Building and contains business machines and classrooms for the Business Education Department.

The **READING CENTER** is located between the Business Education Building and the Gymnasium. It contains one classroom, an office, shower facilities for men's physical education classes, and a photographic darkroom.

VETERANS AND CHILDREN OF DECEASED VETERANS

A veteran who wishes to receive G. I. benefits while attending Mitchell College should obtain a **CERTIFICATE OF ELIGIBILITY** from the Veterans Administration and present it to the Recorder at registration. Children of deceased veterans should consult with their local Veterans Administration official prior to beginning college and obtain a Certificate of Eligibility to

be presented to the Recorder at registration. Fourteen semester hours are considered the minimum load for a full-time student by the Veterans Administration.

EVENING COLLEGE PROGRAM

Mitchell College, through evening classes, provides educational services for people who are unable to attend regular classes or who, having attended college, desire to continue their education. Classes are offered each semester whenever there is sufficient demand.

SCHOLARSHIPS, LOANS, AND STUDENT AID SCHOLARSHIPS

A number of scholarships are offered by local organizations and individuals to properly qualified students. They are awarded on the basis of (1) the applicant's personal and professional worth and (2) the applicant's need.

The BRADY MEMORIAL ORGAN SCHOLARSHIP was established by the employees of Brady Printing Company, family, and friends, honoring the late James A. Brady, who often expressed particular interest in the Organ Department and had hoped that more talented and ambitious young people would study organ. Auditions will be held for this scholarship, which will be awarded on a merit basis to a resident of Statesville for the study of organ at Mitchell College.

The BUNCH SCHOLARSHIP FOR EXCELLENCE has been established and endowed by the family of Lizzie May Pardue Bunch. Because of her interest in educating young people, this scholarship is awarded to a first or second year student on the basis of scholarship, character, and leadership potential.

The STATESVILLE COMMUNITY CLUB SCHOLARSHIP was established in 1968 honoring Mrs. Thomas E. Anderson and her daughters, Miss Grace Anderson and Miss Ina Anderson. Both Mrs. Anderson and Miss Grace Anderson were teachers at Mitchell College. It is endowed by funds that belonged to the Statesville Community Club and which are held under the trusteeship of the Northwestern Bank. The scholarship will be granted annually to one or more worthy students of Statesville or Iredell County in order to assist them in obtaining an advanced education at Mitchell College.

The EXCHANGE CLUB SCHOLARSHIP was established in 1968 by the Exchange Club of Statesville to be awarded annually to a student of Mitchell College who is a resident of Iredell County and who has been selected by a special scholarship committee on the basis of financial need. Members of the immediate family of any member of the Exchange Club are ineligible. PUBLICATIONS

THE CIRCLE

The Circle is the title given to the Mitchell College annual. It is published by a student editor and staff for the purpose of keeping alive the memories of Mitchell by the recalling of persons and activities of the year. The editor and the business manager are elected by the student body each spring.

CAMPUS COMMENTS

The college newspaper is financed by the Student Council without the aid of advertisements. First issued under its present name in 1937, the paper is published monthly during the school year by the class in journalism. Students who do not take the course may be members of the staff. The editor and the business manager are appointed by the adviser.

RELIGIOUS EMPHASIS WEEK

Each year the administration invites an outstanding Christian minister to spend a week on campus in order that students and faculty members may be given an opportunity to meditate on the implications of the Christian faith for life. Chapel is held each morning during the week, with attendance required of all students. Vesper services and discussion groups are scheduled to give further opportunity for exploring the relevance of the Christian faith.

FINE ARTS SERIES

The annual Fine Arts Series is designed to provide an opportunity for cultural enrichment. Outstanding lecturers and artists from various branches of the arts are brought in for evening appearances. Attendance at Fine Arts programs is required of all full-time students.

POPULAR ARTS SERIES

Performances by popular artists of varied types are presented several times during the year. The sole purpose of this series is the entertainment of the students. Attendance is optional.

CHAPEL

"Mitchell College is an independent community college which fosters and encourages the Protestant Christian education of youth." In keeping with this statement of purpose, regular chapel services are held each Tuesday for students and faculty members. Neighboring pastors and college teachers of religion, and occasional visiting speakers, are invited to participate in these services. All full-time students are required to attend.

STUDENT ASSEMBLY

A student assembly program is held each Thursday morning. The Student Council and its faculty adviser are in charge of these programs. They are designed to be educational and informative in nature. Many important school announcements are made at this time. In addition to regular programs, some of the time is allotted to class and student organizational meetings. All full-time students are required to attend.

ELIGIBILITY FOR STUDENT ACTIVITIES

Only full-time students are eligible for holding office in a student organization. A student may not hold a major office (president, vice-president, secretary, or treasurer) in more than one organization. Additional requirements for office-holding are an overall 2.3 quality-point average (or its equivalent in the case of transfer and new students) when elected and the maintaining of a 2.0 quality-point average each semester during the term of office. All students are eligible for participation in such activities as dramatics, intramural activities, choir, Mitchellaires, or Mitchellettes. While student activities are recognized as an important part of college life and the student's education, it is important that these be kept in their proper perspective. The faculty reserves the right to curtail participation of any individual when it becomes evident that such participation is detrimental to academic achievement. Students are encouraged to participate in activities only to the extent that they enhance and enrich the student's total educational development.

RESIDENCE HALL LIVING

In the college residence halls students have the opportunity to associate with persons of diverse backgrounds, interests, ideas, experiences, and objectives. The group-living experience thus affords the student the chance to appreciate other people for their individual abilities, personalities, and qualities. In group living the individual resident learns to work, cooperate, and live harmoniously and effectively with others.

Student programs, social hours, house meetings, house government, and intramural athletics in the halls are part of residence living and provide the opportunity for development of leadership, talent, initiative, persuasive skills, and organizational abilities.

Students in the residence halls are expected to regulate their lives according to the accepted standards of good taste, to respect the property of the college and of others, and to assume individual responsibility as an important and necessary adjunct of group living.

Certain regulations are necessary to protect the rights of individuals. The specific rules and regulations for the residence halls have been developed by the administration and the residents themselves, particularly the house councils. Each resident is responsible for knowing and observing these regulations.

RESIDENCE HALLS

Mitchell College maintains residence halls for both men and women. All freshmen are required to live on campus if space permits. Men students may be assigned to approved off-campus housing. Women are not permitted to live off-campus. Each student living in a Mitchell College residence hall is required to carry an academic load of not less than 12 credit hours per semester.

The college furnishes each dormitory room with a dresser or chest-of-drawers, study desks, single beds, mattress covers, and chairs. Students are requested to furnish their own blankets, bedspreads, study lamps, waste baskets, rugs, pillows, and curtains.

The college contracts with a commercial linen rental service to furnish each student with weekly linen service.

RESERVATIONS

Students wishing to reserve a space in Mitchell College residence halls should do so at the same time they apply to Mitchell College for admission. Reservation forms are available on request and a \$60.00 deposit is required upon completion and return of this form. Reservation deposits are refund-

able if the applicant is rejected for entrance or if the reservation is cancelled before July 1 for the first semester (before January 1 for the second semester).

DAMAGES

Damages above and beyond normal deterioration will be assessed against the person responsible for the damage.

If it is not possible to identify the one responsible, such damage will be assessed equally against the residents of the room or section where the damage occurred or in which the damaged item was originally located.

HEALTH

Mitchell College attempts to maintain a well-balanced health program through activities designed to provide wholesome physical conditioning and individual or team skill attainment for all full-time student personnel. An active co-educational intramural program is provided. In addition, the college makes available a group hospitalization and accident insurance plan and is affiliated with two hospitals located near the college campus.

AUTOMOBILES

Freshman dormitory or off-campus housing students are not permitted to have cars either on campus or in Statesville. Sophomore dormitory or off-campus housing students may keep automobiles while in residence provided this does not prove detrimental to their academic achievement. As a general rule, there is a correlation between possession of an automobile in college and grade difficulties. All students who operate cars on campus while in attendance at Michell College are required to register their cars in the office of the Director of Student Affairs.

1. A full-time freshman must pass 9 hours with 18 quality points in his first semester and 12 hours with 24 quality points in his second semester. ACADEMIC PROBATION

Academic probation refers to the unfavorable conditions caused by scholastic deficiencies that are imposed on a student. A student admitted to Mitchell College on academic probation, or subsequently placed on academic probation, is notified by letter of the terms of the probation. The terms are:

- (1) A student on academic probation will not be permitted to register

for more than 15 semester hours except on the recommendation of his faculty adviser and with the approval of the Dean.

- (2) A first-semester probationary student must pass 9 semester hours with 18 quality points or be subject to academic suspension.
- (3) A second, third, or fourth-semester probationary student must pass 12 semester hours with 24 quality points or be subject to academic suspension.

When a student on academic probation registers, he automatically accepts the probationary terms.

ACADEMIC SUSPENSION

Academic suspension is the action taken by the college to suspend or drop a student from the college because of poor scholarship.

A probationary student failing to fulfill the conditions of his probation during the semester that he is on probation is subject to academic suspension. A student so suspended can be readmitted on probation at the discretion of the Admissions Committee.

The privilege of appeal is provided the suspended student. The student is required to appear before the Admissions Committee to explain his appeal to be readmitted.

COLLEGE PREPARATORY WORK

Although graduation from an accredited high school, or its equivalent, with an acceptable average will academically qualify students for admission, those planning to enter pre-professional programs should make adequate

preparation by taking standard college preparatory courses. The units listed below are strongly recommended:

English	4
Algebra	1½
Geometry	1
Foreign Language (2 years in one language)	2
Social Sciences	2
Chemistry	1
Biology	1
Physics (for Pre-Engineering and Pre-Medical students)	

REGISTRATION

All requirements for admission must have been met before a student will be considered officially registered.

To receive credit, a student must register during the first two weeks of each semester. Special students in music may register at any time during the semester.

Students who complete their registration after the prescribed date are charged a late registration fee of \$5.00.

GENERAL REQUIREMENTS FOR GRADUATION

General requirements for graduation from Mitchell College must be met by all students, without regard to degree, diploma, or certificate to be granted. Final responsibility for meeting these requirements rests with the student.

1. At least fifteen semester hours of credit must be earned at Mitchell College.
2. The last full semester of work prior to graduation must be in residence at Mitchell College.
3. Students must present 60 hours, plus four semesters of physical education (unless excused by the Dean), 128 quality points, and an overall 2.0 quality point average.
4. Students must make formal application for graduation on the proper form furnished by the Dean (see calendar).
5. Students must be recommended by the faculty for graduation.

ATTENDANCE POLICY

 - b. Hospital confinement.
 - c. Certification by parent or person responsible for place of residence.
2. Death in the immediate family.
3. Official absence from the campus.
4. An emergency.

All full-time students are required to attend chapel, assembly, and Fine Arts programs. A maximum of three absences in the combined required programs is permitted.

RESIDENCE CREDIT

Mitchell College offers no correspondence or extension work. All credit given is residence credit, which signifies that the student has been in attendance in a class a minimum of 75% of the time.

DROPPING AND ADDING CLASSES

Classes may be dropped and added within the time limitations as set forth in the college calendar. Students must obtain a form from the office of the Dean and secure the permission of the instructor, the Dean, the Recorder, and the Bursar before the class may be dropped or added. A charge of \$3.00 will be made for dropping or adding classes unless the change is considered to be administrative. A student who drops a course during the first two weeks of a semester after classes begin will not have that course recorded; however, there is no refund of tuition for a subject dropped after the first week of classes. Withdrawal from a class without permission will automatically mean a grade of F. When permission is obtained, a grade of WP or WF will be recorded, depending on the status of the student in class at the time of withdrawal.

WITHDRAWALS FROM COLLEGE

A student who finds it necessary to withdraw from college must obtain the necessary form from the office of the Dean and obtain the signatures of the Dean, the Director of Student Affairs, the Librarian, the Dormitory Supervisor (if applicable), the Recorder, and the Bursar. This certification is required for an honorable dismissal (permission to enter another college) and for refunds. All refunds are based on the date of official withdrawal.

If the withdrawal occurs before mid-term, a W is assigned to all of the student's courses. If it takes place after mid-term, the student's grade in each course is recorded as WP or WF, depending on whether the student is passing or failing the course at the time of his withdrawal. W, WP, and WF grades do not affect the student's credit hour or quality point totals at Mitchell. Withdrawal from college without permission will mean a grade of F in all courses.

GRADING SYSTEM

Grades are mailed to the parents of the student and to the student at midterm and at the end of the semester. Only the final semester grades are recorded on the student's permanent record.

The grading system is as follows:

A	95-100	Excellent	4 quality points per semester hour
B	86- 94	Good	3 quality points per semester hour
C	76- 85	Fair	2 quality points per semester hour
D	70- 75	Passing	1 quality point per semester hour
F	Below 70	Failure	
WP	Withdrawn	Passing	
WF	Withdrawn	Failing	
WNC	Withdrawn	No Credit	
I	Incomplete		
NC	No credit has been allowed for the course		

First semester grades recorded as I must be removed prior to March 1. Second semester grades recorded as I must be removed prior to October 1. The Recorder must be notified as to cause for Incomplete. All work not completed by these dates will be recorded as an F.

Grades of A, B, and C are satisfactory. A grade of F is unsatisfactory. A grade of D is satisfactory for graduation purposes; however, most colleges and universities will not accept a D as transfer credit.

The student's grade or quality-point average is the number of semester hours that a student attempts divided into the number of quality points.

earned. An example of computing a grade-point average for a semester's work is as follows:

Subject	Grade	Hours Attempted	Hours Passed	Quality Points
English 101	B	3	3	9
Biology 101	B	4	4	12
Algebra 101	F	3	0	0
History 101	C	3	3	6
Psychology 101	D	3	3	3
Physical Education	A	1	1	4
TOTAL		17	14	34

Grade-point average is $34 \div 17 = 2.00$

REPEATING A COURSE

A student who repeats a course is awarded the grade he receives when he repeats the course, regardless of whether it is higher or lower than the grade he received the first time he took it; however, both grades are recorded on the student's permanent record.

Credit is awarded only once for a repeated course, and semester hours are counted only once for the repeated course in determining the student's overall quality point average. A student who drops a course during the first two weeks of a semester after classes begin will not have that course recorded. A course may be repeated only if the final grade is D, F, WP, or WF. Permission must be obtained from the Dean to repeat a course.

TRANSCRIPTS

A transcript is a copy of the permanent record of the work which a student does while at Mitchell College. Transcripts are sent only upon written request by the student involved. Request forms for sending transcripts are available in the Recorder's office. The Recorder's office furnishes without charge the first transcript of a student's academic record. For each additional transcript there is a charge of \$1.00.

For guidance and follow-up purposes, a copy of the student's final semester report is usually sent to his high school upon request by the school concerned.

HONORS

The Dean's List is posted at the end of each semester. All regular students who have made an academic average of 3.30 or higher and are carrying 12 or more semester hours will be placed on the Dean's List.

All regular students carrying 12 hours or more who maintain a 3.30 average or higher for any one year will be eligible for Class Honors at graduation.

All graduating students carrying 12 hours or more each semester and maintaining a 3.30 average or higher for all work attempted while at Mitchell College will be eligible for College Honors at graduation.

STUDENT LOAD

The minimum load for a full-time student is 12 semester hours per semester. Veterans, in order to qualify for a full-time GI status, must register for 14 or more semester hours.

The normal load for a freshman student is 16 or 17 semester hours. With special approval and written permission from the faculty adviser and the Dean, a student may register for more than 18 semester hours.

FINAL EXAMINATIONS AND TESTS

The instructor may give tests and quizzes, oral or written, at his discretion. Regularly scheduled announced examinations will be given at the end of each semester or session. Evidence of cheating on a final examination will result in an F in the course and immediate dismissal of the student from Mitchell College. When the failed examination shall have been the cause for failure in the course, the student may request a re-examination, for which a \$1.00 fee will be charged.

STUDENT CONDUCT

College students are considered to have reached the age of responsibility and discretion. Their conduct, both in and out of college, is expected to be dignified and honorable. Students must realize from the first that the responsibility for their success in college work rests largely upon themselves. Policies and regulations of the college are formulated by the Board of Trustees, the faculty of the college, and the Student Council.

RESPONSIBILITY FOR REGULATIONS

Each student, by the act of registering, obligates himself to obey all rules and regulations formulated by the college. Students are held responsible for the observance of all regulations and policies contained in this catalog and are encouraged to familiarize themselves thoroughly with its entire contents.

HONOR CODE

The student body at Mitchell College maintains an honor system which, since its beginning, has proved its worth and is now part of the tradition of the Mitchell College students. The honor system is administered by a committee of three elected students and a faculty adviser with the authority to recommend to the administration punishment for offenders up to, and including, expulsion from school. A violation of the code consists of lying, cheating, or stealing. No student is properly registered at Mitchell until he has signed a full statement endorsing the honor code. This means that the honor code is a vital part of the life of Mitchell College students.

POLICY CHANGES

Any statement in this catalog is subject to change by the administrative council of the college or the faculty at any time that such a need becomes evident. Any question concerning the interpretation of any regulation in this catalog will be referred to the Dean or the President, and his decision will be final.

STUDENT PERSONNEL SERVICES

GUIDANCE AND COUNSELING

Every effort is made to provide adequate guidance and counseling services to students.

Each student is assigned a faculty member, who serves that student as a counselor or adviser during his enrollment in the college. The faculty adviser assists the student with selecting a particular program of studies which will help him attain maximum growth according to his particular academic needs. The college provides a Director of Student Affairs to work with individual students concerned with problems of a personal or vocational nature, and the Dean is available to counsel students on problems of an academic nature.

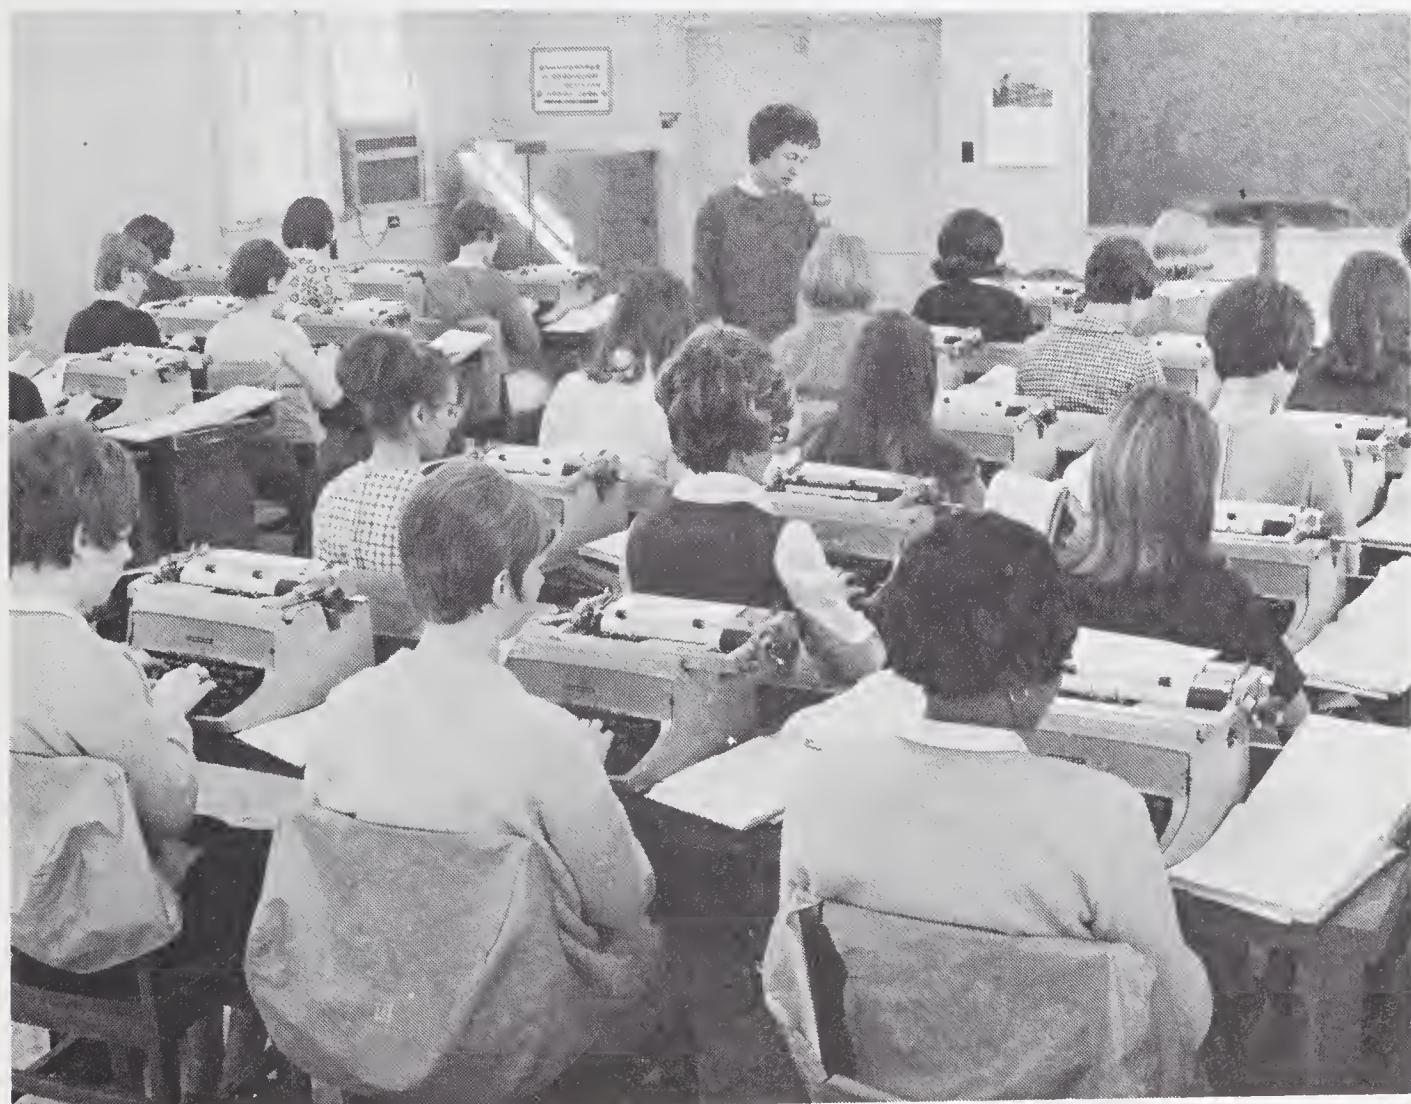

TESTING

All entering freshmen and transfer students are required to take the battery of placement tests announced by the Dean during the orientation program at the beginning of the school year. Students are encouraged to take these tests, where possible, during the summer preceding their enrollment. Students who take the placement tests at this time will be permitted to register early in the fall.

ORIENTATION

Two days are set aside for the orientation program, and each entering freshman or transfer student must attend the orientation session scheduled. Many factors confronting entering and transfer students are explained by the administrative staff and faculty of the college in order to make the adjustment to college as smooth as possible.

PROGRAMS OF STUDY

Mitchell College offers three programs: (1) Associate Degrees in Arts, Science, or Fine Arts, (2) the General College Diploma, and (3) specialized study programs leading to Certificates in areas of specialization. The curriculum for the Associate Degree is designed for the student planning to transfer to a senior college or for the student desiring the general education contained in the first two years of college. The General College Diploma is awarded for successful completion of two years at Mitchell College. The student seeking the General College Diploma may or may not follow a specially designed curriculum. The specialized study programs consist of strictly defined curricula which equip the graduate for employment.

CORE CURRICULUM

Due to the highly interrelated and specialized industrial society in which we now live, there has been a vast increase in organized knowledge and occupational opportunities available to entering college students. They are confronted with numerous and varied programs of study and course alternatives. In an effort to help students obtain the basic knowledge and background of education necessary for everyone and, at the same time, help them choose a program of professional preparation which fits their needs and individual interests, Mitchell College has developed the Core Curriculum.

The Mitchell College Core Curriculum is designed to insure that all students receiving either the Associate of Arts or Associate of Science degree will obtain a minimum foundation in basic liberal arts. The required curriculum includes academic work in six basic areas:

LIBERAL ARTS LEADING TO AN ASSOCIATE OF ARTS DEGREE

This curriculum is for students who do not have a definite educational goal but who have definite plans for transferring to a liberal arts college or university for the third and fourth years.

ments for the General College Diploma makes it possible for a student to pursue any course of study which may lead to his particular goals. Thus a student may pursue a program designed to equip him for definite vocational goals. A student may pursue a program giving a general college background but not containing the Core Curriculum. A student may wish to earn a specialized certificate but have a broader education. The flexibility of this program is enhanced also by the college-level (credit) nature of the courses. Should the student decide to continue toward a four-year degree, the college-level (credit) courses could be transferred to a senior college or university and used in a degree plan if the degree plan calls for the courses taken.

If a student plans to seek a four-year degree, he is advised to follow an associate degree program.

CERTIFICATE PROGRAMS

These programs are designed for the students who desire a one-year college course in a specialized area. They contain required courses and lead to the awarding of a one-year certificate in the area of specialization. Programs should be planned with faculty advisers from the Business Education Division and are offered in the following areas:

**SUGGESTED COURSES OF STUDY IN SPECIFIC AREAS

STUDY AREAS LEADING TO DEGREES

Professional schools, in addition to the core curriculum, vary the nature and number of pre-professional requirements which should be taken during the freshman and sophomore years. Students who have determined which profession or occupation they plan to enter should study the curriculum guides on the following pages.

Because of changing professional requirements at various senior institutions, students are required to consult with their academic adviser before registering. It is the student's responsibility to become familiar with the requirements of the senior institution to which he may transfer. It is suggested that the student acquire a catalog for reference from the institution to which he expects to transfer.

Curriculum guides are outlined to help the student in planning his program. Two years of a foreign language are strongly recommended for all students and six semester hours of religion for those students planning to transfer to a church-related college.

Curriculum guides are provided for assistance in planning programs in the following areas:

Liberal Arts	Ministerial
Business Administration	Teaching
Pre-Law	Health, Physical Education, and
Pre-Medical or Pre-Dental	Recreation

Curricula which meet the requirements for an Associate of Arts or Science degree can be developed with the assistance of the adviser and approval of the Dean and can be transferred to apply towards a four-year degree in other areas.
